Press release

Wihlborgs signs lease with Volvo Cars

Wihlborgs has signed a lease with Volvo Cars, which is opening a research and development centre at Ideon in Lund.

The Lund venture forms part of a larger campaign, whereby Volvo aims to recruit a considerable number of engineers, mainly specialising in software development. The first 35 employees will move into 600 m² at Delta 5, Ideon, in October.

“It is positive that Volvo realises the energy and development potential that Lund offers with its proximity to the university and the innovative environment at Ideon. Naturally, we are also pleased that they have chosen Wihlborgs and are looking forward to a positive partnership,” says Anders Jarl, CEO of Wihlborgs Fastigheter.
